Network Operation Center and Tower Support

RFNOW Inc. is seeking applications from motivated individuals interested in joining our *Technical Services Team*. As a *NOC/Towers Support*, you will be responsible for supporting the network, server, storage, and application needs in RFNOW's many NOC's and Tower facilities throughout Western Manitoba and Eastern Saskatchewan. As the Level 2 support and under the guidance of the Facilities Manager, Network Architects, and other teams, you will be responsible for working in the NOC's and Towers to deploy, configure, and support the ISP, VOIP, and other services.

General Responsibilities:

- Building, configuring, and maintaining the IT infrastructure withing the NOC's and towers.
- Working remote and on site in the NOC's and Towers.
- Travel through Western Manitoba and Eastern Saskatchewan is required at times.
- Equipment includes Racks, UPS's, networking devices, servers, and storage.
- Applications include VMware, Windows, backup services, and a variety of applications to support services to staff and customers.
- Level 2 On-call to support the NOC's and Towers IT services.

Qualifications & Experience:

- IT Training and experience.
- 2+ years experience working with servers, storage, networking devices.
- Follow guidance, learn, and work independently.
- Nice to have experience working in an ISP organization.
- Nice to have experience working on VOIP systems.
- Cisco networking training and certification.
- Windows Server experience and training.

We offer a competitive salary range starting at \$60,000 depending on experience.

If interested, please forward your resumé detailing your qualifications to Careers@rfnow.net
