Splicing Supervisor

RFNOW Inc. is seeking an experienced technician to take on the responsibility of supervising, coordinating and developing of our in-house team of Fiber Splicing Technicians. It is expected that this position will maintain responsibility to serve as a Splicing Technician as required. This position will report to our Director of Projects and Construction.

This role can be performed from our office in Virden, MB or remotely. If remote, it will require routine visits to our home office as needed. Familiarity with locations and markets in rural Manitoba and Saskatchewan is beneficial.

Role & Responsibilities:

- Provide technical and analytical support and trouble-shooting assistance to our Splicing team.
- Determine availability and opportunities for team members to help assign Splicing Technicians to support operational needs.
- Provide field and local insight to help establish plans for infrastructure repairs and maintenance.
- Interpret and understand placing and splicing work plans
- Splice and test fibre optic cables in all inside/outside plant applications – buried and underground; both on newly placed cable and existing cables

Expertise & Requirements:

- Experience as a Fiber Splicing Technician with demonstrated leadership abilities.
- Strong communication and organizational skills.
- Knowledge of construction, installation as they relate to splicing requirements.
- Must have a valid Drivers' License - will require drivers abstract
- Ability to travel to various work sites as workload dictates
- Overtime required in applicable situations in order to meet customer delivery commitments; this could include some night and weekend work
- Work in all weather conditions

If interested, please forward your resume and cover letter detailing your interest and qualifications to careers@rfnow.com.

RFNOW Inc. is an equal opportunity employer. We welcome applications from people from all backgrounds and capabilities. Applicants are welcome request necessary accommodations throughout our employment process.
