## Fiber Installation Technician

RFNOW is rolling across *Southern Manitoba and Southeastern Saskatchewan* and have opportunities available now!

RFNOW Inc. is seeking applications from motivated individuals to join our team as a **Fiber Installation Technician**. The successful candidates will be involved in our day-to-day operations including the installation and preparation of fiber internet infrastructure, making the final connections into households and businesses.

### General Responsibilities:

- Install, terminate, and test fiber optic cables in a residential or commercial setting.
- Install media converters, ONTs, switches and routers in a residential or commercial setting.
- Install CAT6 wiring in a residential or commercial setting in a safe, professional manner.
- Interact with the client or support staff in a respectful, courteous, and professional manner.
- Be familiar with and conduct self according to RFNOW Inc Policy & Procedures

### Qualifications & Experience

- Experience as a fiber installer with trouble shooting skills will be considered an asset.
- Experience with OTDR and other fiber optic testing equipment will be considered an asset.
- Networking knowledge and experience setting up wireless routers and telephone systems will be considered an asset.
- Must be able to deal with customers in a professional manner.
- Must have a valid driver's license and be able to provide a current clean driver's abstract.

This role will give you the opportunity to work out of your home community. You will be provided with a company vehicle and will be assigned work at various locations throughout the region as required.

### Requirements:

- Maintain Class 5 MB license (or equivalent)
- Lifting abilities
- Bending requirements
- Ability to travel to various work sites as required. (Some overnighting may be required for short duration)
- Ability to work in all weather conditions.
- Ability to follow strict safety protocols and procedures.
