HEAVY DUTY MECHANIC

RFNOW Inc. is seeking applications from motivated individuals to join our **Construction and Maintenance Team**. The successful candidates will be involved in the day to day operations of our Construction and Maintenance departments.

This is an opportunity to join a team within a growing organization and have variety in their day to day duties.

Responsibilities:

- Perform service, repair and diagnostic and preventative maintenance procedures on heavy duty construction equipment, Horizontal Directional Drills, and Heavy and light trucks
- Use related instruments, hand and power tools, secondary equipment, and computer systems
- Accurately record repairs performed and time taken
- Continually review hazards and ensure work is performed safely and to acceptable standards.
- Perform MPI Vehicle and Trailer inspections
- Work in a field or workshop setting
- Train junior apprentices

Required Experience:

- Must be a certified Journeyman in the Agriculture or Heavy Duty Equipment technician trade
- Previous mechanical experience in a heavy equipment environment is an asset
- Capable of meeting the physical demands of the heavy duty mechanic trade
- have the ability to communicate and work effectively alone
- Class 1A or 3A License Preferred
- Welding experience an asset

Job Details:

- Full-time with over time as needed.
- All long weekends off
- Benefits package
- Wage dependant on experience
- 2 weeks vacation
